

**Ad Hoc Committee on Quaker Service  
ILYM Continuing Committee Report  
March 2011**

The ad hoc committee on Quaker service has received responses to its queries from four ILYM Meetings: Clear Creek, Columbia, Southern Illinois and Urbana-Champaign.

The responses received thus far convey a strong commitment to Quaker service, as evidenced by service efforts in which Friends and Meetings are currently engaged and by interest expressed in how we can encourage ourselves and others within ILYM in expressing our Quaker spirituality through service.

However, it is too early to report on these responses in detail. For one thing, we still await responses from the rest of ILYM Meetings. And then we will need time to study these responses at some length. It is our hope that we will be able to report in more detail at the annual gathering.
